# Service agreement and notes

## 1. Sample

- We accept formal reception with arrival of both sample and request form. In addition, please burden the shipping cost of the customer at the customer's share.
- Please do not stick a small sample (such as foreign matter) with cellophane tape or the like.  
It leads to breakage of specimens, making the inspection extremely difficult.

## 2. Inspection service

### ①Inspection targeting DNA

(Inspection: target microbial DNA identification test, animal / plant DNA identification test, foreign body DNA identification test, insect DNA identification test )

- It may be impossible or undetectable due to following problem  
(Mixed plural kinds, incompatibility of universal primer, influence of PCR inhibitor, degradation of DNA by pressurization, heating, fermentation)

### ②Inspection fee at the time of inspecting / undetectable

- In any inspection, inspection results may not be obtained depending on the state of the sample etc.  
Even in this case, since a prescribed inspection fee will be charged, we ask that you confirm in advance.

## 3. Test report

- After issuing the report, we can not respond to requests of changing sample name in the report.
- We do not make reports / document preparation such as intermediate progress
- Based on the results found, toxicity / safety assessment is not done.
- In principle, only one copy of the inspection result document issued by the Company is issued for inspection, and it will be reissued only within one year from the original issue date.  
For reissue, only 1 copy is free, and for 2 copies and later it will be issued for a fee.  
If more than one is required, please contact us in advance.

## 4. Publish English report

- We will charge 5,000 yen (tax excluded) as an issue fee and a service fee including this fee in advance.

## 5. About the handling of samples after inspection

- As long as you do not wish to return at the time of receipt,  
we will discard the sample you sent within 2 weeks from the date of issue of the report.

## 6. Payment

- All financial transaction will be done on a Japanese yen basis.
- The fee related to bank transfer will be borne by the client.
- We ask customers overseas to pre-pay the inspection fee.

※We are not responsible for any dispute or economic burden caused by inspection results and inspection result documents €
